

NEUCS12

New England Undergraduate Computing Symposium Celebrating Excellence and Diversity in Computing

Saturday, April 21, 2012 Brandeis University

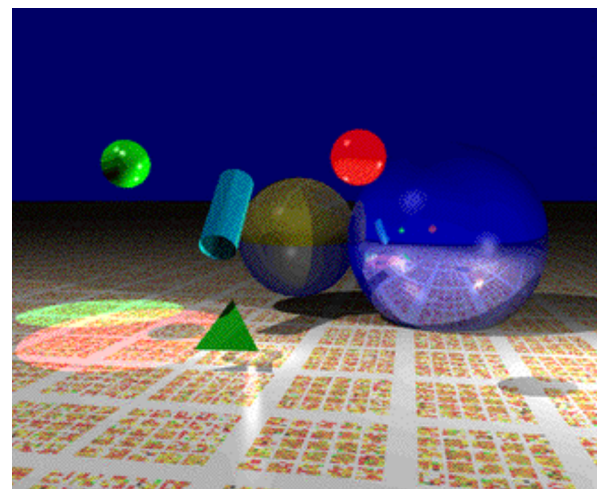

Shapiro Science Center
415 South Street, Waltham MA
([directions](#), [facebook](#), [linkedin](#), [photos](#))

Join us for the 4th [New England Undergraduate Computing Symposium!](#)

- Meet undergraduates in computing sciences at universities, colleges, and community colleges from across New England
- Present a poster or a demo
- Share exciting projects you've been working on (projects can be creative homework assignments, independent research projects, senior honors projects, or software built for fun)
- Get advice from a panel of professionals working in industry
- Network over lunch and listen to keynote
- Bring your resume and talk with industry sponsors
- Win prizes, hear student talks and more!!!
